PROGRAMME CONTENT

The programme content conforms to the definitions for Heelwork to Music or Freestyle and should be varied with no excessive repetition of movement and content being appropriate to the routine. Movement should be appropriate to the structure and conformation of the dog. The movements of the dog should have a greater impact than those of the handler. Degree of difficulty of movements should be taken into account.

ACCURACY AND EXECUTION OF MOVEMENT

Movements including heelwork are accurately and smoothly executed. The dog should work in a natural and willing manner. The dog should respond promptly and appropriately to cues given (including use of props). Bearing and deportment of the handler is appropriate and should be appropriate to the routine; dog and handler should work as a team.

MUSICAL INTERPRETATION

Interpretation of the rhythm, phrasing and timing should be apparent; the choice of music should suit the team. Choreography should be apparent, flowing and not a series of disjointed moves. The routine should include balance, structure and making best use of available space. Primary emphasis of musical interpretation should be on the dog's movements although the handler should/may be expressive. Handlers' dress and any props used should be suitable and applicable to the interpretation of the routine
